\$150 CLOTHING BUDGET FOR A FARM FAMILY OF FIVE MEMBERS

This suggested clothing budget is planned on a basis of an approximate annual expenditure of \$150 for a farm family of five members:

<u>Person</u>	<u>Cost</u>	<u>Person</u>	<u>Cost</u>
Mother.....	\$32.49	Father.....	\$38.95
Girl, 15 to 18 years..	39.94	Boy, 15 to 18 years...	31.80
Girl, 12 to 14 years..	27.02	Boy, 12 to 14 years...	30.35
Girl, 6 to 11 years..	22.89	Boy, 6 to 11 years...	24.29
Girl, 1 to 5 years..	19.04	Boy, 1 to 5 years...	21.43

This estimate of clothing costs has been prepared for use as a guide in planning clothing expenditures. Any "ready-made" budget such as this, needs, of course, to be revised to suit individual families.

It is assumed in this budget that garments of older members will be handed down and made over for younger members of the family.

The success of the spending plan outlined here will depend largely upon wise buying, home sewing, remodeling, and the systematic care of clothing.
